

Dear Parents and Carers,

Re: Curriculum Information for Half Term 4 (23rd February to 2nd April)

The information in this letter outlines Curriculum, Assessment, and Extra-curricular activities for this second Spring term, as we enter the second half of the academic year. Given the issues with correspondence in half-term 3, the overarching messages in this update remain the same.

Through our curriculum, we provide a wide range of learning experiences both inside and outside of the classroom, aimed at fostering a love of learning and providing opportunities to experience success and fulfilment. Leaders and teachers at HEA and United Learning plan the content, and the sequence of learning, very carefully to aid efficiency and create meaningful connections. We hope that you find the information helpful and a starting point to enable positive discussions at home about subject content and the opportunities that are available within school.

Below is the content that Year 9 students should expect to be taught during half-term 4 of this academic year:

Subject	What will my Year 9 child learn in this subject during Term 4?
English	Study of 'King Lear' by William Shakespeare.
Maths	Probability, More Solving Equations, Inequalities, Sequences.
Science	Atomic Structure and The Periodic Table, Cell Biology.
RE	Abrahamic Faiths and Christianity.
Geography	Students will investigate energy, where does it come from and what issues are created by the worlds thirst for this resource.
History	What happened to Germany after WW2?
MFL	Building on descriptions of places and where you live and learning about German-, Spanish-, or French-speaking countries.
Art	Still life painting and drawing, analysing the work of John Bratby.
Computer Science	Continuation of data science unit.
Drama	Practitioners – exploring performance styles.
Food Tech	Applying their knowledge and making rough puff pastry to make cheese straws. They will also make a delicious pasta bake.
Music	What makes a good song continued – Cover Versions.
PE	Developing core skills, tactics and leadership through invasion games. Exercising for a sustained period of time, demonstrating cardiovascular endurance, muscular strength and muscular endurance through cross country Know and link components of fitness and skill related fitness through training methods
Textiles	Recycle and reinvent, making a reversible bucket hat, construction processes.
Product Design	Pupils will be designing an articulated lamp with a sustainable theme.

Home-Learning Reminder

Further information regarding Home Learning can be found in the Curriculum letter from half-term 1. We utilise Knowledge Organisers alongside online platforms to set student homework, and access to the following sites is key:

MS Teams – Using their school email address and password.

Sparx – Using the ‘Log in with Microsoft’ button. *Used for Literacy, Maths and Science.*

Seneca - Using the ‘Log in with Microsoft’ button. *Used for Humanities and Languages.*

Arbor – Parents/Carers are able to track both positive and negative points within school on the Arbor app, as well as attendance and the school timetable.

If you have any queries regarding accessing any of the above platforms, please do not hesitate to contact your child’s tutor.

Assessment

Assessment, both summative and formative, form a crucial part of education at HEA – knowing what our students know at any given time is crucial in supporting them further. Whilst students receive ongoing feedback during elements of independent work each lesson, a summative point of formal assessment is useful in gathering information on how the curriculum has landed for all.

During each big term, students should expect at least one formal assessment in each subject – these are then used as the main evidence-point for report writing, and feed back into any re-teaching of common misconceptions. To avoid one specific part of the term becoming heavily weighted towards assessment, our assessments are placed at the best point in the curriculum journey for that subject.

All assessment overviews appear on our school website here - [Assessment](#)

Subject leaders will ensure that revision topics, where appropriate, are made clear on Microsoft Teams, but a broader overview is available in our departmental overviews - [Curriculum](#)

We understand that it is unavoidable at times for a student to be absent from school, for varying reasons. We are keen, however, to ensure that access to the curriculum, and continued learning, is made available to those who are absent. Completing portions of work, whilst at home, can be vitally important in ensuring fewer gaps in learning upon return – making the return to school far smoother for the young person.

Our full curriculum (outside of practical elements) is available to all students on Microsoft Teams, within a year group folder. This is split by half-term, or titled, to aid students in identifying which lesson they may have missed. Whilst this is not as purposeful as accessing the lesson with support from the teacher, exposure to the content can ensure greater engagement upon return.

Alongside this, our online home learning portals (Sparx/Seneca) also offer access to 'independent learning' sections for students to access outside of homework.
